

SECTION FORCE TO BE REDUCED

One Hundred Howell Shop Men Laid Off Because of Scarcity of Work

Section Foreman Ballard, in charge of the south end section, has received orders to reduce his force of section men to six men commencing Wednesday. As he works ten men this means that four of his force will lose their positions.

The order will have no effect on Section Foreman Perdue, who is in charge of the section north of Earlinton.

Commencing Wednesday the section will work only nine hours and be idle in bad weather.

One hundred men employed in the Howell shops of the L. & N. R. R., have been laid off indefinitely. The reason assigned for this action is the scarcity of work. Only one of the men who went from here to Howell is affected.

Kincheloe Speaks Here Thursday Evening

Hon. D. H. Kincheloe, of Madisonville, congressman from this congressional district, will address the voters of Earlinton Thursday night in the interest of the Democratic party and of his candidacy. He is an orator of unusual ability and will no doubt be greeted by a large crowd. He will speak at the opera house.

Paper Suspends

We regret that the Webster Journal-Press, a most readable home made paper, published at Olay, Webster county, has suspended publication on account of the advanced cost of printing material and the lack of interest and patronage on the part of the people of that town.

We deplore the existing state of affairs and extend sympathy to the energetic management, who for many months, have run the paper at a financial loss.

Republican Club Meeting

All Republicans are invited, requested and urged to be present at the city hall Saturday evening, Nov. 4, at 7:30 o'clock. This will be the last meeting of the Hughes-Fairbanks-Fowler Club and various items of importance are to be brought before the club relative to the vote Tuesday.

There will be a talk by some good speaker for the club only. All Republicans are asked to be on hand.

MY CONCEPTION of THE PRESIDENCY

By CHARLES EVANS HUGHES

On the eve of Election Day the American people are entitled to a summary of things I have stood for in this campaign, as they are the things I shall stand for as President.

No man can tell in advance what unexpected demands the next four years may present but one whose conception of the President's duty rests upon fundamental principals can describe with entire sincerity how the problems of administration would be approached and in what spirit they would be solved.

A man charged with the duty of reaching a desired goal knows that the road to it is found in following that path which sound judgment and clear vision open up step by step. I can show the road I expect to travel.

I propose first of all to start right. The President is primarily an executive. It is his supreme duty to attend to the business of the nation, to guard its interests, to anticipate its needs, to enforce its laws.

The first act of a President who takes this view of his duties is to call about him the ablest cabinet the country can furnish, men who can deal with the tremendous international and domestic problems which will confront us in the next four years.

My conception of the Presidency differs absolutely from that of Mr. Wilson. I look upon the President as the administrative head of the Government. He looks upon the President as primarily the political leader and lawmaker of the nation.

In the two departments of Government most closely touching our foreign relations—the Department of State and the Department of the Navy—he chose men whom he knew to be wholly unequal to their duties. Administrative obligation was subordinated to political expediency. I can assure the country that any administration under my direction will stand upon sound administrative ground with the ablest cabinet the country can supply.

Across the road we are to travel this next four years, even though we start right and move with prudence and courage, serious hazards are thrown like breaks in a roadway made by a torrential rain. These all rise out of the war torrent which has overwhelmed Europe. The first has to do with our foreign relations. It is the President's duty to safeguard the interests of our own nation and to preserve the friendship of every other nation.

No man is more determined than I to maintain the peace which United States, Spain Sweden, Norway and all the American republics now enjoy. But I should seek to maintain that peace by a firm and courteous insistence on the rights of our citizens at home and abroad.

An American in Mexico is subject to Mexican law, but he is an American still and is entitled to the protection of his own government in his lawful business. For one I shall never consent to a policy which leaves Americans helpless against the lawlessness of any country in which they have a right to do business.

There confronts labor in the next four years a condition more serious than any that American laboring men have been called upon to face. When this war began over a million American working men were seeking vainly for employment. When the war ends and the developed energies of a new Europe are thrown into commercial production, our nation will face a competition such as it never knew.

One of the two things must happen—either millions of men will be seeking work in vain or else there must be thought out in advance the problem of commercial organization as France and England and Germany are seeking to think out the problem today. Every one of these nations is preparing to defend its own market by a protected tariff. The end of the war will end also the opportunities for labor created by the war. The millions in the trenches today will be our industrial competitors tomorrow. If we are to save our laboring men from a catastrophe we must plan a tariff protection

along sound, just and economic lines. To this endeavor I pledge myself and the men who are to be my colleagues.

In this matter again I differ absolutely from the policy of the present administration. Democratic platforms have declared that the Government has no right to levy tariff duties except for income. This is the fundamental faith of the Democratic party.

I pledge myself and those who stand with me to deal with the needs of laboring men the country over, whatever their trade or organization, upon the principle of giving the largest protection possibly to every American working man and the largest participation possible in the prosperity of our industries with special favors to none.

Finally it is to be remembered that every European government is putting itself behind its industries; organizing them, encouraging them and suggesting economies. When the commercial struggle begins anew, the industries of every European country will go into the world markets backed by the effective co-operation and intelligent oversight of their government.

Our national policy requires that government maintain a strict supervision of business organization. This can be done effectively and yet leave the Government free to encourage legitimate and wholesome business enterprise. I stand for such supervision and control of business, but I demand also that business great or small (and especially the small business) be treated fairly and justly. Only under such conditions can business pay living wages or compete with foreign manufacturers.

In this respect again the present administration holds a policy entirely opposite. It has viewed business enterprise with suspicion and has made the government a brake to stop the wheels of legitimate industrial progress. It has treated the business men of this country as though they were suspicious characters. It has assumed that capital and labor are natural enemies. In four years it has put this country further on the road to class war than has been accomplished in a generation before. The men who stand with me believe in the honesty of the American working man, they believe no less in the honesty of the American business man, and they believe that the common good is to be found not in class war but in mutual justice and fair dealing, not as between capital and labor in the abstract but as between men and men.

You know the road we have traveled this last four years. Mr. Bryan and Mr. Daniels are its monuments of executive efficiency. Our murdered and forsaken citizens in Mexico reveal a conception of American citizenship plain enough to see but a new one for American patriotism to adopt: the monument of class bitterness raised by this administration throws a sinister shadow across our political horizon; the unjust accusation against business men has left a bitter taste in our national life. If you prefer this path it is plainly marked. And the end of it is class war.

You ask what road I propose to travel? These are the milestones which mark it—an executive responsible to the whole nation, a cabinet chosen from the ablest Americans, a foreign policy that stands courteously but firmly for American rights, a flag that protects the American in his lawful rights wherever his legitimate business may take him, a preparation for trade competition which shall protect all groups of American workmen, a government oversight of business which will fearlessly eliminate abuses, but will act on the assumption that the average business man is honest, and finally a domestic policy which looks to industrial peace, and to sound and permanent prosperity based upon the development of American trade and the building up of American industries.

We Americans are in one boat. You cannot strike a blow at one group without injury to all. Common justice and fair play will settle our difficulties if suspicion and bitterness are let alone. These are the principles by which I propose to be guided.

LARGE CROWD HEARD FAIRBANKS

Local People Went to Nortonville to Hear Distinguished Hoosier

Fully 1,200 persons heard ex-Vice President C. W. Fairbanks, of Indiana, Republican nominee for vice president, in a fifteen minutes address at Nortonville Friday night. He made a masterly talk on the protective tariff. Hon. W. T. Fowler, Republican nominee for congress in this congressional district, spoke prior to Mr. Fairbanks.

A large number of local people motored and went on train to Nortonville to hear Mr. Fairbanks.

He Went, Saw And Conquered

Col. W. A. Toombs responded to a request of the Fordsville Masonic lodge to attend a meeting of that body last Saturday night and put on some degree work for them.

He landed on time and poured the nine parts of speech upon the defenceless Masons who listened with pendant optics and dilated mouths to the lingual downpour till a late hour.

Sunday he preyed upon his old friend, Elmer Lynn, who to save himself and his family from insanity, decoyed the loquacious guest into an auto and spent the day cruising over the country visiting the neighboring towns and villages, keeping up a rate of speed that made conversation impossible.

Sunday night he tortured his old friend, Andy Howell, who in self preservation, induced him to visit an upheaval of the "Holy Rollers," the only people that he will take off his hat to in the way of lingo.

He is loud in his praise of Fordsville and its citizens and declares his intention to afflict them again in the near future with another visit.

Glose Call From Death

Mr. and Mrs. Wm. Phenix, of the country, had a close call from death Saturday morning when their horse became frightened at the switch engine and backed their buggy into the deep ditch near the residence of Dr. P. B. Davis, on South Railroad street. Both were thrown out of the vehicle. Mr. Phenix suffered a dislocated collar bone and numerous bruises, while Mrs. Phenix sustained a fractured rib and was bruised considerably.

Another Good Reason Why Bond Issue Should Carry

The city has received assurances from the railroad company that a rate of 30 cents will apply on rock from Hopkinsville, to be used in building good streets, if such rock is ordered by, and paid for by the city, out of the general funds, for the benefit of all the citizens thereof, but they have ruled that they could not give this rate, if any part of the cost is against the property owners.

Vote for the bond issue and help the city get advantage of this rate.

Every block constructed with this rate in effect will save the city \$75.00 to \$100.00.

CONTEST BEGINS

At Lodge Room of Victoria Lodge No. 84, K. of P., Last Evening

Last evening at the lodge room Victoria Lodge No. 84, Knights of Pythias, instituted a contest between the Reds and the Blues. Attendance was the only thing that entered into the count, but it is possible that other things, such as bringing in new petitions, payment of dues, etc., will be considered. The contest closes Monday night, Dec. 18. The Blues were ahead with 29 points, while the Reds had 25. Much interest is being shown, and the contest promises to become very warm.

Interesting talks were made by a number of members and much enthusiasm is being manifested over the election of Dr. A. O. Sisk as Grand Master at Arms of the Grand Lodge of the state. The lodge is taking on renewed life and is preparing to even excel its remarkable effort of the first six months of this year, with an increase of membership of 36, all good men and true, the very bone and sinew of the community and neighboring sister towns. Victoria Lodge is in perhaps better condition than ever before in her history.

CHILD DEAD; MOTHER STRICKEN

Grief Over Child's Illness Causes Paralysis—May Prove Fatal

How fate has sorely dealt with one family is evinced in Webster county, where a girl is dead and her mother is suffering from a paralytic stroke, due to grief over her daughter's fatal illness.

Lillian Steverson, aged 13 years, succumbed to typhoid-pneumonia Monday after a brief illness. Mrs. Steverson grieved so over the condition of her daughter that she was stricken with paralysis several hours before the child died and may not recover.

The family lives near Onton, and the girl was a niece of Mrs. Mattie Dunning, of this city, who attended the funeral today.

If you know of an item of news that would interest your neighbors, don't withhold it from us—tell us. If you know what they know, and they know what you know, and everybody knows what everybody else knows, we will all know everything there is to know. That's why we publish this paper. Tell us.

UNDERWOOD TARIFF IS HOSTILE TO THE FARMERS' INTERESTS

Union Leader Asks Congress to
Get Back to the Soil—
With Protection

Would Raise Plow to the Level of
the Factory.

Henry N. Pope, president of the Association of State Farmers' Union Presidents, has issued a statement in pamphlet form to members of the union pointing out discriminations in the Underwood tariff against the agricultural interests favoring protection on all farm products and demanding a revision of the tariff so that the farmers will not be compelled to sell in a free market and buy in a protected one. In discussing the subject the head of the union said: "The effect of the Underwood tariff acts to protect capital and labor engaged in manufacturing and to expose to world competition capital and labor engaged in production." It is perhaps the most antagonistic expression congress ever made toward the agricultural interests of this nation, and had not the European war arrested its operation, would have wrought disaster to the farmers of the country. This tariff gives a protection of approximately six billion dollars per annum to capital and labor engaged in manufacturing, but gives no protection to the farms. When released from war influences this tariff will reduce the selling price of farm products approximately a billion dollars per annum. It brings capital and labor employed on the farm in direct competition with free lands in primitive countries and compels the farmer to compete with wild men who live in trees and caves and raise their children in nakedness and ignorance. The only purpose and the only result of taking agricultural products off the protected and placing them on the free list was to reduce the price. The act was therefore deliberately unfriendly to the farmers of the nation. The next session of congress should revise the tariff and get back to the soil with protection. Giving to the plow the same friendly consideration that is now given to the factory.

FARMERS' HEAD URGES
ADAMSON ACT REPEAL

HENRY N. POPE
of Texas.

New president of the Association of State Farmers' Union Presidents who has announced in favor of the repeal of the Adamson law, claiming that it is a discrimination against the farmer. He contends that by decreasing the hours of the trainmen congress has shifted an increase of hours to the backs of the men who follow the plow.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials.

NEW ILLS COME WITH PROSPERITY

Nervous Indigestion Alarmingly
Prevalent Everywhere.

DUE TO BREAK-NECK LIVING

Tanlac Health Expert Describes Symptoms of Rapidly Spreading Malady and Explains New Treatment Which is Having Wonderful Success Wherever Introduced.

Nervous indigestion, due to the modern break-neck speed of living, has become alarmingly prevalent everywhere.

This statement by the Tanlac health expert has created much comment. He continued:

"I have never seen a time when there seemed to be so many cases of nervous indigestion among men and women in all walks of life.

Here Are Symptoms.

"The symptoms are extreme irritability, nervousness, loss of appetite, sleeplessness, and an almost unquenchable restlessness. Everything the victim eats disagrees with him. There the pains in the abdomen and palpitation of the heart. Such cases are usually accompanied by constipation.

"I attribute the prevalence of this trouble to the fast pace at which both men and women are forcing themselves to live. Everybody is engaged in a wild scramble for wealth during this high tide of prosperity.

"The will power can drive the human machine just so far, but there is a limit. The health breaks down all at once and the victim is miserable and unhappy—just half sick. Life loses all its zest.

How Tanlac Helps.

"I have had hundreds of people call on me describing just such symptoms. They try Tanlac, and in a week or so most of them tell me that it is helping them to 'get on their feet again.' Tanlac was specially designed to relieve conditions resulting from nervous indigestion and kindred complaints. Everywhere it has been introduced it has had wonderful success."

Tanlac may be obtained in the following nearby towns: EARLINGTON, Geo. King & Sons; MADISONVILLE, Gardiner & Bowmer; MORTONS GAP, B. T. Robinson; NORTONVILLE, City Drug Store; WHITE PLAINS, Dr. Bailey. MANNINGTON, Walter McIntosh; ST. CHARLES, George King & Sons; CARBONDALE, G. A. Woodruff; DAWSON SPRINGS, Coleman & Wallace; CROFTON, Brasher & Croft; R. F. D. CROFTON, Rance & McIntosh; PRINCETON, Wylie & Walker.

Another Good Reason Why Bond Issue Should Carry

The city has received assurances from the railroad company that a rate of 80 cents will apply on rock from Hopkinsville, to be used in building good streets, if such rock is ordered by, and paid for by the city, out of the general funds, for the benefit of all the citizens thereof, but they have ruled that they could not give this rate, if any part of the cost is against the property owners.

Vote for the bond issue and help the city get advantage of this rate.

Every block constructed with this rate in effect will save the city \$75.00 to \$100.00.

Despondency.

When you feel discouraged and despondent do not give up but take a dose of Chamberlain's Tablets and you are almost certain to feel all right within a day or two. Despondency is very often due to indigestion and biliousness, for which these tablets are especially valuable. Obtainable everywhere.

Big Increase in the Price of Copper

A ten dollar bill invested now in the stock of the Forest Queen Copper Company's mine near Silver City, New Mexico, will in all probability net the owner \$400 in less than 24 months. This estimate is based on what the Empire Zinc Company is now doing in the Cleveland group of mines. This property lies next to the Red Cross and has the same veins of ore, and is earning \$5,000 daily, from 300 tons of ore, \$150,000 monthly and the enormous amount of \$1,800,000 yearly. The Red Cross property consists of 40 acres of mineral ground all in one body. Remember this is a mine and not a prospect and we have no salaried officers. We have the ore actually in sight and the property can easily be made to produce the 300 tons daily and can be developed in six months so as to produce 1,000 tons daily, worth at the present prices about \$16,000.

There is a limited amount of this stock for sale at the low price of 10 cents per share in lots of 100 or more. If interested in this proposition write or call on

The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 50c.

Value of Learning.

Learning, if rightly applied, makes a young man thinking, attentive, industrious, confident, and wary; and an old man cheerful and useful. It is an ornament in prosperity, a refuge in adversity, an entertainment at all times; it cheers in solitude, and gives moderation and wisdom in all circumstances.—Palmer.

A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE

If Cross, Feverish, Sick, Bilious, Give Fruit Laxative at Once

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, Mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic, remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

It Pays To Advertise

Col. Albert Toombs, a well known character about town, had the misfortune to lose his long bladed frog sticker last week and lamented the fact, both in private and in public. When his grief had sufficiently subsided he had the fore-thought to place a lost ad in The Bee and the knife was forthwith brought to him by Verner Baldwin. The Colonel is now more than ever convinced that it pays to advertise in The Bee.

RHEUMATISM AFTER HIS DAY'S OUTING

Hunting Trip on a Wet Day
Brings Painful Results

Once upon a time Charles Mullen, of Philadelphia, went gunning. It was a dismal rainy day, and exposure to cold and wet brought on a severe attack of rheumatism. He was confined to his home.

A friend recommended Sloan's Liniment, citing his own case as evidence of its effectiveness. Mullen bought a bottle and applied it to his aching limbs. Soon improvement was noticed and he was able to return to business.

Mr. Mullen writes: "Since that experience I have never been without Sloan's Liniment in the medicine chest." You will find it soothes bruises, sprains, toothache and relieves lame back, neuralgia, in fact all external pains. At all druggists, 25c., 50c. and \$1.00 a bottle.

KILLS PAIN

To Cure a Cold in One Day

Take LAXATIVE BROMO Quinine. It stops the Cough and Headache and works off the Cold. Druggists refund money if it fails to cure. E. W. GROVE'S signature on each box. 50c.

Sportive Fish.

The gambolling of whales is often witnessed by sailors, and Paley says that any observer of fish must acknowledge that "they are so happy they know not what to do with themselves. Their attitudes and frolics are simply the effect of an excess of spirits."

WORK THAT TIES

The Kind Earlinton Readers Appreciate

To thoroughly know the virtues of a medicine you must investigate its work. Doan's Kidney Pills stand this test, and plenty of proof exists right here, in this locality. People who testified years ago to relief from backache, kidney and urinary disorders, now give confirmed testimony—declare the results have lasted. Can any Earlinton suffer longer doubt the evidence?

H. T. Howard, Madisonville, Ky., says: "I was annoyed by attacks of lame back and pains across my loins for fully two years. I was certain that there was something the matter with my kidneys and I used Doan's Kidney Pills. They were the first medicine to ever give me permanent benefit."

LASTING RESULTS.

OVER FOUR YEARS LATER. Mr. Howard said: "I haven't had occasion to use any kidney medicine in five years. I gladly confirm my former endorsement of Doan's Kidney Pills."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Howard has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

Another Good Reason Why Bond Issue Should Carry

The city has received assurances from the railroad company that a rate of 30 cents will apply on rock from Hopkinsville, to be used in building good streets, if such rock is ordered by, and paid for by the city, out of the general funds, for the benefit of all the citizens thereof, but they have ruled that they could not give this rate, if any part of the cost is against the property owners.

Vote for the bond issue and help the city get advantage of this rate.

Every block constructed with this rate in effect will save the city \$75.00 to \$100.00.

How Catarrh is Contracted.

Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucous membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere.

Wise buyers read the ads before they go to the store to spend their money. If the ad isn't there they don't read it. The wise merchant will take a hint.

When You Take Cold.

With the average man a cold is a serious matter and should not be trifled with, as some of the most dangerous diseases start with a common cold. Take Chamberlain's Cough Remedy and get rid of your cough as quickly as possible. You are not experimenting when you use this remedy, as it has been in use for many years and has an established reputation. It contains no opium or other narcotic. Obtainable everywhere.

"The Telephone Rang."

"And the telephone rang!" is the burden of some verses read lately, describing all the things that happened and didn't happen in consequence. The way one woman escaped wearisome trips up and downstairs in response to 'phone calls was by using a desk telephone with a very long cord. Then she took the telephone upstairs, downstairs, or on the gallery, wherever she happened to be. When the bell rang the interruption was at least close at hand.

Childhood's Humorists.

Our memory goes back to the time when our idea of the foremost American humorist was a bigger boy named Eddie O'Toole, who skillfully eluding the teacher's eye, took a black lead pencil and changed the name of "The Fairy Revel," a pretty little song in the fourth-grade singing book, to "The Hairy Devel," so neatly that you'd almost have thought it was printed that way originally.—Columbus (Ohio) Journal.

Lax-Fos, A Mild, Effective Laxative & Liver Tonic Does Not Grip or Disturb the Stomach.

In addition to other properties, Lax-Fos contains Cascara in acceptable form, a stimulating Laxative and Tonic. Lax-Fos acts effectively and does not gripe nor disturb stomach. At the same time, it aids digestion, arouses the liver and secretions and restores the healthy functions. 50c.

WHO IS THE REAL FRIEND OF LABOR?

What Wilson Said About Unions and Workmen When He Did Not Want Their Votes.

I am a fierce partisan of the open shop and of everything that makes for individual liberty.—Speech at Open Shop Banquet, Jan. 12, 1909.

The labor unions reward the shylocks and incompetent at the expense of the able and industrious.—Speech People's Forum, New Rochelle, Feb. 25, 1905.

We speak too exclusively of the capitalist class. There is another as formidable an enemy to equality and freedom of opportunity as it is and that is the class formed by the labor organizations and leaders of this country.—Speech, Waldorf Hotel, New York, March 16, 1907.

You know what the usual standard of the employee is in our day. It is to live as little as he may for his wages. Labor is standardized by the trade unions, and this is the standard to which it is made to conform. No one is allowed to do more than the average workman can do.—Address to Graduating Class, Princeton University, June 3, 1909.

The objections I have to labor unions is that they drag the highest man to the level of the lowest. I must demur with the labor unions when they say "you must award the dull the same as you award those with special gifts."—Speech in People's Forum, New Rochelle, Feb. 25, 1905.

The Chinese were more to be desired as workmen, if not as citizens, than the coarse crew that came crowding in every year at Eastern ports.—History of American People.

THE COUNTRY MUST INSURE ITSELF AGAINST INCAPACITY.

In his vigorous speech at Philadelphia on Monday night Mr. Hughes made an observation that should keep this countrymen thinking soberly every day until election morning, the seventh of November:

"We cannot say now in what particular sort of mess we shall find things in March next."

Here is room for disquieting speculation. The Government is in feeble hands. It is never prepared to act in emergencies. It does not know what to do, or how to begin. It is the sport of circumstances. It waits for something to turn up with a guilty feeling of incapacity to deal with untoward events. Mr. Wilson, inconstant and vacillating himself and unable to learn from experience, can obtain neither inspiration nor support from his Cabinet, which is the weakest that any President has called together since the civil war. The policy of the Democratic Administration is not so much

What Hughes Said About Unions and Workmen.

There are some who regard organized labor as a source of strife and menace of difficulty. I regard it as a fine opportunity for the amelioration of the condition of men working with no other purpose than to make the most of themselves and to achieve something for their families.—Speech at Dedication of Tuberculosis Pavilion, Albany, New York, Aug. 29, 1908.

The mission of labor organizations is one of the finest that any association of men could guard. Today we have a realization of what can be accomplished.—Speech at Dedication of Tuberculosis Pavilion, Aug. 29, 1908.

It is a shocking thought that the wage earners of the country, who by their daily toil make possible the industrial prestige of which we boast, should be subjected through ignorance or indifference to unnecessary peril. The interests of labor are the interests of all the people, and the protection of the wage earner in the security of his life and health by every practical means is one of the most sacred trusts of society.—Speech Exposition of Safety Devices and Industrial Hygiene, Jan. 23, 1907.

I believe in a six-day working week. So do you. But do you know that the men who are making a six-day week a possibility and an eventual fixture, are these men (labor representatives) and their associates? I long ago came to the conclusion that the labor unions are going to solve the Sunday labor question to the best interest of the country. Join hands with them and you will double your results, while halving your labor.—Address to Preachers and Labor Representatives in Executive Chamber, Albany, 1908.

watchful as fearful waiting. It is flabby, timid, procrastinating, always undecided.

So anything may happen to the nation, any disaster, any disgrace. Mr. Hughes is right: we don't know "in what particular sort of mess we shall find things in March next." The country is helpless to prevent blunders and imbecilities which may involve it in an unwelcome war or tarnish its honor; but the people can see to it that an American President with character and stamina as well as with brains is in the White House on March 4 to pilot the country through the rapids, and the people can give him a Republican Congress to provide the legislation he asks for to carry out his policies. The people can be in no doubt that the Cabinet Charles Evans Hughes selects will contain only able and efficient men, the best the country affords.—New York Sun.

The people of Vera Cruz who have erected a monument in the plaza to the Mexicans slain in battle seem to be ignorant of the fact that Mr. Wilson kept this country out of war.

Mexico's Capital City.

Mexico City, the capital of Mexico, is a town of some historic interest, while its cathedral is regarded as the handsomest church on the American continent. The foundation stone of this edifice was laid in 1593 on the site of a former heathen temple. The national museum is filled with treasures of Aztec civilization, and various memorials of the hapless Maximilian and the beautiful Carlotta lend a luster to this attractive city. The climate is good and the population about 471,000, many of whom are Americans and Germans.

HELP FOR WORKING WOMEN

Some Have to Keep on Until They Almost Drop. How Mrs. Conley Got Help.

Here is a letter from a woman who had to work, but was too weak and suffered too much to continue. How she regained health:—

Frankfort, Ky.—"I suffered so much with female weakness that I could not do my own work. I had to hire it done. I heard so much about Lydia E. Pinkham's Vegetable Compound that I tried it. I took three bottles and I found it to be all you claim. Now I feel as well as ever I did and am able to do all my own work again. I recommend it to any woman suffering from female weakness. You may publish my letter if you wish."—Mrs. JAMES CONLEY, 516 St. Clair St., Frankfort, Ky.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial. This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism. All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice—it will be confidential.

Democratic Prosperity In 1914

Below is a sample of the sort of news that was appearing in the papers during the months when Mr. Wilson and his party were trying to produce prosperity without the assistance of business contracts. The date is January 1, 1914.

MARCHING IDLE ARMY TRIED FOR FOOD UPON STROKE OF NEW YEAR

Five Hundred Men Paraded the Streets of Chicago.

"You Are Drunk and We Are Hungry," They Shouted.

Broke Windows and Punctured Tires of Automobiles.

(ASSOCIATED PRESS DISPATCH.) CHICAGO, January 1.—Entering restaurants and demanding food, breaking windows, and puncturing automobile tires, a crowd of nearly 500 unemployed men, early this morning marched through Chicago's business district. They furnished a strange contrast to New Year revelers who were leaving the cafes and restaurants.

The men marched in State street, four abreast carrying a banner which read: "We demand work, not charity." The army halted street cars and cried to passengers that they wanted work. At Van Buren street the police halted the marchers, but they soon reformed their line farther down the street. "Hey, you lums, what's up?" shouted a pedestrian. "You are drunk and we are hungry," replied one of the leaders. The line finally broke up into small groups.
